Andrew Knack's Post

Andrew Knack
January 27 ·

This past month's record-breaking snowfall put our snow and ice removal services to the test.

We know Edmontonians expect better and improving snow and ice removal takes the right resources and smart planning.

Our city crews worked tirelessly, with crews working 24-hour stretches. This was not a failure of effort; it was a failure of capacity and timing.

We need to do better, here's how we do it.
