Phase 1 Parking Ban in effect at 7pm Tonight!

With significant snowfall accumulating and more on the way, the City of Edmonton has declared a Phase 1 Parking Ban to help keep our roads clear and safe.

What you need to know:

Where: Only arterial roads, collector roads, bus routes, and Business Improvement Areas. Residential Streets: This is NOT a residential ban. You may continue to park on residential streets. Duration: Anticipated to last 3–5 days (weather dependent). Fine: Vehicles remaining on affected roadways may be ticketed $250 and/or towed.

Parking bans allow our plows and graders to clear roads safely and efficiently. Let's work together to keep Edmonton moving!
